

Kibbled Grit

A milled maize product used in breakfast cereals and baking. 100% maize (Zea mays).

GMO Free

No maize products produced by Corson are derived from genetically engineered or genetically modified maize crops. The grain used is grown from hybrid maize seed developed using traditional plant breeding techniques. New Zealand and Australian law prohibits the production of GMO maize.

Food Safety Compliance

Corson operations are carried out under a Food Control Plan which has HACCP and GMP as central to functioning of the programme. Corson complies with all sections of Food Standards Australia New Zealand.

Specifications

Moisture	10 – 14 %
