

## Popcorn

Whole, golden orange-yellow kernels of popcorn.  
100% maize (Zea mays).

### GMO Free

No maize products produced by Corson are derived from genetically engineered or genetically modified maize crops. The grain used is grown from hybrid maize seed developed using traditional plant breeding techniques. New Zealand and Australian law prohibits the production of GMO maize.

### Food Safety Compliance

Corson operations are carried out under a Food Control Plan which has HACCP and GMP as central to functioning of the programme. Corson complies with all sections of Food Standards Australia New Zealand.

### Specifications

Moisture	12.5 – 14.5 %
Bulk Density (uncooked)	Typical 83 - 87 g/100 ml
Bulk Density (cooked, uncoated)	Typical 24 – 28 g/litre
Expansion Ratio	Range = 30:1 – 40:1
Poppability	90 – 97 %
Popping	Minimum 65:35 ratio butterfly to mushroom shape when popped
Shelf Life	Up to 24 months under best practice storage conditions
Allergens	Product is free of Multiple Serious Allergens
Gluten	Product is free of gluten

### Packaging Options

#### New Zealand

20kg Multi-wall paper bags
